

————— Congratulations! —————

You are now the proud owners of Decor Thermalite Shutters.

We trust you will have many years of pleasure from your Thermalite Shutters.

Friends and family who visit your home will be impressed with your choice of window coverings.

The benefits of thermalite Shutters are -

- Water resistant. Excellent for wet areas and external use.
- Fire retardant.
- Unaffected by direct sunlight or moisture.
- Three times better insulation than wood which allows your rooms to be cooler in summer and warmer in winter.
- Guaranteed to not warp, crack or peel.

To care for your shutters, you need to treat them to a regular clean in order for them to remain as new.

To keep your Thermalite Shutters in good condition, may we suggest:

1. Dusting with soft dry duster on a regular basis.
2. Cleaning any fingerprints or marks with a damp cloth.
3. DO NOT use any harsh chemicals or abrasives.
4. DO NOT use any Ammonia based cleaners.
