

# Caring for your Blinds

To care for your blinds you need to treat them to a regular clean in order for them to remain as new.

To keep them this way we suggest:

1. Dusting with a soft dry duster on a regular basis.
2. Cleaning any fingerprints or marks with a damp cloth and if necessary a mild detergent
3. DO NOT use any harsh chemicals or abrasives.
4. DO NOT use any Ammonia based cleaners.
